To deliberate on the responsible use of social media, NED University of Engineering and Technology arranged a seminar on the above-mentioned topic. The purpose of the seminar was to create awareness in the youth segment of the university to play their role to curb the promotion of fake and unauthenticated contents. The speakers dilated on the topic from various social, political, legal and religious dimensions. A wide body of students and faculty keenly participated in the event. Professors Muhammad Tufail, PVC and Sarosh Hashmat Lodi, Vice Chancellor, gave the opening and concluding remarks respectively.
